

Registry Portal User Guides

Registry Portal

The [Registry Portal](#) is your self-service application for your AIHA Registry Programs participation. As of June 2019, this portal is available to our Registry participants for to maintain your individual profile, pay Annual Registry Listing Fees, and submit a renewal or application.

The following guides should help to familiarize you with our new system. Please contact the [AIHA Registry Programs team](#) if you have any questions or need any assistance.

Login and Password Recovery

The Registry Portal requires login using your new Username and Password. [Email us](#) if you do not know or remember your username. Follow this [link](#) to recover or set your password. Passwords are secure and only known by you. We can help you reset a password; however, we cannot tell you your password.

[Individual Profile Guide](#)

Your individual profile can only be accessed if you have previously sent us your email address. This guide shows you how to view and set up the basic information of your profile, such as your email address. Your individual profile also allows access to re-set your password.
